Minutes 11-8-23

Urja

Updates

- Thought of adding external prefabs, like a city hall.
- Will start working on the grid-generating script soon.

Feedback

- Check out the Google Maps file format.
- Focus on using the current prefabs.
- External prefabs (different style) will be a distraction for human drivers.

Tasks

- Research.
- Scene setup.
- Scale and measurement.

Chintan

Not present.

Tasks

- Research.
- Scene setup.
- Scale and measurement.

Jay

Not present.

Tasks

- Experiment with the camera objects in the project.
- Prepare to work on the field of view feature.

Leo

Updates

- Successfully deployed a sample project. Can use those networking scripts on our project.
- The sample project has some networking bugs.

Feedback

Tasks

- Write deployment scripts for our game.
- Try to debug the sample project's scripts.
