Chintan

Updates

- Delivered the traffic grid plan. Worked on it with Urja.
- Has work for the next 4 weeks.
- Will ultimately deliver a script that parses map data (tentatively, GeoJSON) into a Unity traffic grid scene.

Feedback

- Check out the SUMO map format. It may help.

Tasks

- Research.

- Scene setup.
- Scale and measurement.

Jay

Updates

- Feels excited about the project.

Feedback

Tasks

- Clone the repo and get to the point where at least 2 players can connect.

Leo

Updates

- Found bugs while trying to deploy the sample multiplayer game.

Feedback

Tasks

- Debug the sample project.
- Keep trying to write working deployment scripts.
